

Bible Study

Thought-Provoking Questions

The purpose of the questions is to facilitate a deeper understanding of the Bible, Bible study topic and ourselves. The questions may be answered by each reader; or used by a Bible study group leader or church pastor. The questions should be considered or discussed after reading "Trust," are based upon the graphic below; and are intended to enhance learning via opinions and personal reflection. As such, no answers are provided.

Is it possible to correlate the face of the rock wall to each of our personal lives?

If yes, what is the personal correlation of the:

- Hardness of the rock?
- Different shapes, colors, indentations and uneven surface?
- Cracks in the rock?

Now consider the chiseled word TRUST.

- Do you think it was easy to chisel the word into the rock? How does this correlate to us?
- Is there a personal relevance in chiseling the word over the deep cracks? If yes, how?
- Will the word withstand wind, rain, freezing temperatures and extreme heat? How does this relate to us?

Now look at the tools that were used to chisel the word TRUST into the rock.

- If the rock correlates to our personal lives, who do you think chiseled the word into the rock?
- Is there a spiritual relevance in the two hammers and different types of chisels?
- Is it possible both hammers were used at the same time? If yes, how and by whom?
- Given the characteristics of the rock, did it require commitment, time and effort? If yes, how does this relate to you?

Do you see the name hidden in the picture? (His name is hidden in most title graphics.)
